

EASTERN HEALTH COLLABORATIVE (RC)

11/10/2016

12:00PM-1:00PM

EIPH BOARD ROOM

ATTENDEES: Dr. Chad Horrocks, Amanda Birch, Julie Woolstenhulme, Molly Jensen (phone), JoAnn Eddins (phone), Diane Sanders, Janae Larson, Michelle Tueller, Chelsey Cobabe, Von Crofts, Dr. Boyd Southwick, Ashlee Carlson, James Corbett, Corinne Bird, Madi Orndorff, Dawn Juker

EXCUSED: Geri Rackow and Dr. George Groberg

WELCOME BY: Dr. Boyd Southwick at 12:00pm

MINUTES

AGENDA ITEM:	Review Minutes/Action Items
PRESENTER:	Dr. Boyd Southwick

DISCUSSION:

None to review.

AGENDA ITEM:	Obesity Pamphlet
PRESENTER:	James Corbett

DISCUSSION:

The group discussed the purpose/goal of the handout: local information, resources, and motivation for patients to take action. The group is unsure of how much they would utilize something like this in their clinics.

ACTION ITEM	PERSON RESPONSIBLE	DEADLINE
▪ Postpone Obesity Pamphlet	Name	Date

AGENDA ITEM:	Pediatric Mental Health
PRESENTER:	Corinne Bird

DISCUSSION:

Corinne is working on developing a list of pediatric mental health resources in our region. She is also gathering information on what insurances they take/specialties. All of the updated information will be made available on the Resource Guide.

ACTION ITEM	PERSON RESPONSIBLE	DEADLINE
▪ Update Resources Guide with Pediatric Mental Health Resources	Corinne	12/8/2016

EASTERN HEALTH COLLABORATIVE (RC)

11/10/2016

12:00PM-1:00PM

EIPH BOARD ROOM

AGENDA ITEM:	Follow-up on Care Coordinator Call
PRESENTER:	Corinne Bird

DISCUSSION:

Everyone thought the call went well and was very beneficial. The calls will take place once a quarter unless there is a need to have them more frequently. Care Coordinators are encouraged to propose agenda item ideas to Corinne.

AGENDA ITEM:	Learning Collaborative Recap
PRESENTER:	Dr. Boyd Southwick

DISCUSSION:

This meeting material was repetitive, but it was a good reminder to clinics of what they should be doing but maybe are not doing. The presentation for MACRA/MIPS was beneficial and helped to answer some questions clinics had concerning the changes. The PDSA section was also helpful for clinics. This process is something that a lot of clinics do, but don't necessarily realize they are doing. PDSA cycles can clinics to become more efficient in the things they are already doing and assist them in starting new processes.

AGENDA ITEM:	Baseline Rates
PRESENTER:	James Corbett

DISCUSSION:

Dr. Southwick pointed out an issue with the tobacco cessation measure that is causing some confusion with the clinics. The numerator and denominator statements are what is causing the confusion. The group discussed this in further detail and came to the conclusion that there needs to be a subset to both statements. PHD SHIP staff will work on these and get a revised copy out to the clinics.

ACTION ITEM	PERSON RESPONSIBLE	DEADLINE
▪ Update numerator/denominator statements for tobacco cessation measure	PHD SHIP Staff	12/8/2016

AGENDA ITEM:	RC Grant Project
PRESENTER:	James Corbett

DISCUSSION:

We just became aware of some additional grant funding that is designated for RC projects. James doesn't have a lot of information on it yet, but as soon as he knows he will send out more information. James requested ideas for projects by Friday November 18th.

Some proposed ideas for projects were:

- MACRA training
- 2017 NCQA standards training
- MHN Website
